The American Numismatic Society,
Mr. Howland Wood, Curator,
New York.

My dear Mr. Wood:

Beg to acknowledge receipt of your
letter of the 20th relative to Senate Bill 3633, for
a Hayes commemorative coin.

The chances are that this bill will
never become a law for the reason that after the bill
was introduced in the House last session and referred
to my Committee, Mr. Morgan, the Congressman from Ohio
who introduced it, asked that the bill be withdrawn from
the Committee for the reason that the son of the late
President Hayes did not want such a bill to pass. It
seems to have passed in the Senate in the closing days
of the session, however, and was again referred to this
Committee. Just what will be done with it over here
now, I do not know; but will be glad to keep you informed
of any action when Congress is again in session in December.

Sincerely yours,

V:n
